

Medical Examination Report

▪ Notes for applicants for a private hire / hackney carriage driver licence

All applications for a hackney carriage and / or private hire drivers licence **must** be accompanied by a satisfactory medical report to the DVLA Group 2 medical standards. This is regardless of the age of the applicant.

This medical report should **usually** be completed by the applicant's own general practitioner (GP). However, the applicant may choose to consult an alternative GP or Doctor, providing that they can refer to your medical records or a summary of your medical records when carrying out the examination, and sign a declaration confirming this.

Before booking an appointment with a GP or alternative medical provider, you are advised to read the useful information and notes provided by the DVLA at: <https://www.gov.uk/government/publications/assessing-fitness-to-drive-a-guide-for-medical-professionals>

If you have any of the conditions listed in this document, you will **not** meet the Council's medical standard and your application may be refused. Each application will however be considered on its own merits.

If after reading these notes, you have any doubts about your ability to meet the medical standards, please consult your doctor before you arrange for this medical report to be completed. The doctor may charge you for completing it, and in the event of your application being refused, the fee you pay the doctor is not refundable.

Please note: Your medical must be no more than 4 months old when your licence is granted.

▪ Notes for the doctor completing this medical examination report

Prior to completing this report you may find it helpful to consult the DVLA's useful information and notes produced for Medical Practitioners at: <https://www.gov.uk/government/publications/assessing-fitness-to-drive-a-guide-for-medical-professionals>

You are advised to obtain the applicant's medical history when completing this report, however if you do not hold the medical records, and the report misses important clinical details about the applicant's ability to drive safely, details should be recorded in the 'further details' at the back of the form.

If the applicant is not a patient under your care then please ensure that you confirm their identity before examination. This may be done, for example, by way of photographic identification.
